## ENGINEERING LTD

CONSTRUCTION / SUPERVISION / ENGINEERING DESIGN /  
RENOVATION / PROJECT MANAGEMENT

# About Us

**AFAS Engineering Ltd** is a dynamic construction and civil engineering firm with extensive expertise in delivering top-quality construction projects. Backed by a team of professional engineers, we specialize in managing and executing a wide range of construction services, from residential buildings to large-scale commercial and industrial projects.

Operating under the registration of **AFAS Engineering Ltd**, we bring together years of experience and engineering excellence to meet the needs of both small and large-scale projects. We work in close collaboration with architectural offices, general contractors, and property developers to ensure that every project is completed efficiently, safely, and to the highest standard.

# Vision

Our vision is to be a trusted partner in the construction industry, providing reliable and efficient services that bring innovative designs to life.

# Mission

We are committed to delivering superior construction services that meet the highest standards of safety, quality, and efficiency, fostering long-term relationships with our clients and partners.

# Our Services

**AFAS Engineering Ltd** offers a wide range of construction and civil engineering services:

## **Construction Management**

End-to-end project management services, from planning to completion, ensuring seamless coordination of all project phases.

## **General Contracting**

Full-service contracting, including residential, commercial, and industrial building construction.

## **Civil Engineering Services**

Expertise in structural design, foundation engineering, and infrastructure development, ensuring safety and compliance.

## **Site Supervision and Inspection**

Comprehensive site supervision to ensure projects meet industry standards and client specifications.

## **Subcontracting**

Collaborating with larger construction companies to offer specialized services in civil engineering, structural work, and project management.

## **Renovation and Remodeling**

Professional renovation and remodeling services for residential and commercial properties, maintaining the highest standards of quality and craftsmanship.

## **Quality Control and Assurance**

Strict adherence to quality control procedures and safety standards, ensuring optimal performance on all projects.

# Key Projects

Our team has successfully executed a variety of construction projects, including:

# Why Choose Us?

**Expertise:** Our team of certified engineers has extensive experience in civil engineering and construction management, ensuring professional delivery on all projects.

**Collaboration:** We work closely with architects, general contractors, and other stakeholders to ensure the seamless execution of all project phases.

**Quality:** We place a strong emphasis on quality control and adherence to the highest construction standards.

**Safety:** Ensuring the safety of our workforce and all stakeholders is paramount, and we comply with the strictest safety regulations in the industry.

**Timely Delivery:** We are committed to completing projects on time and within budget, while maintaining the highest level of workmanship.

# Our Team

**AFAS Engineering Ltd** is led by a team of certified and experienced professionals, including:

**Esuola Ayotunde**
